"In my 15 years of college coaching and extensive AAU experience, it's rare to come across a player who checks every box the way Elise does. She's an elite athlete with a high motor, incredible natural instincts, and an impressive skill set — especially for her age. Yet what truly sets her apart is her coachability, and infectious smile. She's the kind of player every coach wants in their program."

— Jackie Smith

Director & Head Coach, Smith Basketball Academy

Head Coach for the University of Hartford
